- Antistatic insert;
- Safety toe cap;
- Evergrip™ rubber track.

Users

SECURLITE, is ideal for HORECA, Food Industry, Logistic and Fishmongers.

- **Catering industry**
- **Food industry**
- **Logistic**
- **Fishmongers**

Specifications

Super Light
Feelite™ technology produces remarkably light, resistant and comfortable footwear.

Shock Absorption
The special design helps to reduce the occurrence of micro–lesions in tendons, bones and joints, and the feeling of tired legs.

Safety Toe Cap
Protects the foot from pressure and impacts up to 200 joule.

Antistatic
Promotes the dissipation of accumulated static electricity.

ESD
Protection against electrostatic discharge.

Upper Liquid Protection
Avoids the entrance of liquids inside the shoe.

Closed Heel
Additional support for the moments that require extra agility.

Washable
The footwear can be machine washed up to 30°C.

Antislip SR
The sole is designed to reduce the risk of slipping.

Extra Protection
Absence of ventilation holes avoiding the entrance of speck to the interior of the footwear.

Materials and Technologies

SECURLITE is made with **Feelite™** technology. Whose material is non–toxic and provides comfort because it is super light.

The geometric design and the exclusive chemical formula used in the production of the rubber track of **SECURLITE** outsole, provides excellent adherence to the ground, reducing the risk of slipping. **SECURLITE**'s Evergrip™ outsole accomplishes SRC antislip level.

Technical Standard

CE
Regulation (EU) 2016/425.

ISO 20345:2022 / A1:2024 S4 SR

Technical Specifications

- SRC Slip–resistant;
- Machine washable up to a maximum of 50°C;
- Resistant to abrasion;

Care and Cleaning

Wash: Machine washable up to 30°C. Clean regularly, removing larger dirt particles with a soft-bristle brush or a cloth with water and detergent.

Dry: Wipe with a dry cloth or leave to dry at room temperature, in the shade and away from heat sources. Never dry directly in the sun as heat damages the material, colour and texture.
A soft cloth is the main ally of this type of shoe and its cleaning should be done weekly or whenever necessary.

Do not use harsh detergents, solvents, acids or corrosive cleaning products.

Attention

SECURLITE will withstand several washes at 30°C in the washing machine. The use of bleaching agents during 30°C machine wash cycles is not recommended.
